➤ Číselný obor do 10 000, počítání do 10 000

Doplň čísla hned před, hned za čísla:

1 998, _____, _____, _____, _____,

_____, 6 200, _____, _____, _____,

7 597, _____, _____, _____, _____,

3 458, _____, _____, _____, _____,

Vypočítej:

$$7\ 000 + 2\ 000 = \underline{\hspace{2cm}}$$

$$9\ 000 - 3\ 000 = \underline{\hspace{2cm}}$$

$$2\ 800 - 1\ 000 = \underline{\hspace{2cm}}$$

$$4\ 300 + 5\ 620 = \underline{\hspace{2cm}}$$

$$2\ 600 + 3\ 100 = \underline{\hspace{2cm}}$$

$$5\ 500 + 2\ 400 = \underline{\hspace{2cm}}$$

$$6\ 900 - 4\ 200 = \underline{\hspace{2cm}}$$

$$9\ 710 - 5\ 300 = \underline{\hspace{2cm}}$$

$$3\ 000 + \underline{\hspace{2cm}} = 3\ 820$$

$$6\ 200 + \underline{\hspace{2cm}} = 7\ 700$$

$$7\ 430 + \underline{\hspace{2cm}} = 9\ 630$$

$$5\ 690 + \underline{\hspace{2cm}} = 8\ 990$$

$$7\ 800 - \underline{\hspace{2cm}} = 3\ 800$$

$$5\ 970 - \underline{\hspace{2cm}} = 2\ 570$$

$$8\ 600 - \underline{\hspace{2cm}} = 4\ 000$$

$$4\ 250 - \underline{\hspace{2cm}} = 2\ 150$$
